

DSC VARIFICATION VIA SMS

Dear All,

Pls note in order to remove the complexity of the Mobile verification process,

1. Communicate to your customer to send SMS to mobile number **9664166000**
2. Message should start with keyword **SAFE** followed with a space and text – as given below.

Safe <Request ID> <Email ID> confirmed

Example - Safe 12345678 gccinfo1@yahoo.co.in confirmed

Please note the spelling of Safescrypt. If the spelling or request ID or email is wrong DSC will not be approved.

Imp. Notes

1. SMS should be send from the Mobile No. mentioned at the time of enrollment.
2. SMS should be send to **9664166000**
3. Pls make sure that the Request id and email id should be the same as per enrolment and SMS should generate from the enrolled number, any deviation will be rejected.
